MET335

This SCHEDULE OF BENEFITS lists the Covered Services available to You and Your Dependents under Your dental plan, as well as Your and Your Dependent's costs for each Covered Service. Your and Your Dependent's costs may include Co-Payments for a Covered Service.

*Care under this plan is provided through a network of Selected General Dentists. Your Selected General Dentist is responsible for determining when the services of a Specialty Care Dentist are needed, and facilitating any necessary referral. You and Your Dependents will be advised of the name, address and telephone number of the Specialty Care Dentist in Your or Your Dependent's Service Area.

Missed Appointments: If You or Your Dependents need to cancel or reschedule an appointment, please notify the Selected General Dental Office as far in advance as possible. This will allow the Selected General Dental Office to accommodate another person in need of attention. If You or Your Dependents fail to do this in a timely fashion, You or Your Dependents may be charged a missed appointment fee.

D4210	Gingivectomy or gingivoplasty – four or more contiguous teeth or tooth bounded spaces per quadrant	\$150
D4211	Gingivectomy or gingivoplasty – one to three contiguous teeth or tooth bounded spaces per quadrant	\$100
D4212	Gingivectomy or gingivoplasty to allow access for restorative procedure, per tooth	\$30
D4240	Gingival flap procedure, including root planing – four or more contiguous teeth or tooth bound spaces per quadrant: A soft tissue flap is reflected or resected to allow debridement of the root surface and the removal of granulation tissue. Osseous recontouring is not accomplished in conjunction with this procedure. May include open flap curettage, reverse bevel flap surgery, modified Kirkland flap procedure, and modified Widman surgery. This procedure is performed in the presence of moderate to deep probing depths, loss of attachment, need to maintain esthetics, need for increased access to the root surface and alveolar bone, or to determine the presence of a cracked tooth or fractured root. Other procedures may be required concurrent to D4240 and should be reported separately using their own unique codes.	\$170
