

## Caring support when it's needed most

The Cancer Support Program (CSP) provides compassionate guidance and answers for you or a family member who's faced with cancer.

### How does it work?

If you're preparing for cancer treatment or have already started, a nurse can help you navigate treatment options and find a network provider from a high-quality Centers of Excellence (COE) facility. Here's more of what you can expect:

**Connect with a nurse** specially trained in oncology for support throughout your treatment journey

**Get help exploring your options**, finding answers to questions, and managing symptoms and side effects

**Receive support** working with your doctors, so you feel informed to make decisions for your health

**Access digital tools** to help provide real-time guidance and identify care needs immediately
