WORK EXPOSURE TO BODILY FLUIDS

NOTICE TO EMPLOYEES

Re: Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS) & Hepatitis C

Employees are notified that a claim may be made for a condition, infection, disease, or disability involving or related to the Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), or Hepatitis C within the provisions of the Arizona Workers' Compensation Law, and the rules of The Industrial Commission of Arizona. Such a claim shall include the occurrence of a significant exposure at work, which generally means contact of an employee's ruptured or broken skin or mucous membrane with a person's blood, semen, vaginal fluid, surgical fluid(s) or any other fluid(s) containing blood. AN EMPLOYEE MUST CONSULT A PHYSICIAN TO SUPPORT A CLAIM. Claims cannot arise from sexual activity or illegal drug use.

Certain classes of employees may more easily establish a claim related to HIV, AIDS, or Hepatitis C if they meet the following requirements:

1. The employee's regular course of employment involves handling or exposure to blood, semen, vaginal fluid, surgical fluid(s) or any other fluid(s) containing blood. Included in this category are health care providers, forensic laboratory workers, law enforcement officers, fire fighters, emergency medical technicians, paramedics and correctional officers.

2. NO LATER THAN TEN (10) CALENDAR DAYS after a possible significant exposure which arises out of and in the course of employment, the employee reports in writing to the employer the details of the exposure as provided by Commission rules. Reporting forms are available at the office of this employer or from the Industrial Commission of Arizona, 800 W. Washington, Phoenix, Arizona 85007, (602) 542-4661 or 2675 E. Broadway, Tucson, Arizona 85716, (520) 628-5181. If an employee chooses not to complete the reporting form, that employee may be at risk of losing a prima facie claim.

3. NO LATER THAN TEN (10) CALENDAR DAYS after the possible significant exposure the employee has blood drawn, and NO LATER THAN THIRTY (30) CALENDAR DAYS the blood is tested for HIV OR HEPATITIS C by antibody testing and the test results are negative.

4. NO LATER THAN EIGHTEEN (18) MONTHS after the date of the possible significant exposure at work, the employee is retested and the results of the test are HIV positive or the employee has been diagnosed as positive for the presence of HIV, or NO LATER THAN SEVEN (7) MONTHS after the date of the possible significant exposure at work, the employee is retested and the results of the test are positive for the presence of Hepatitis C or the employee has been diagnosed as positive for the presence of Hepatitis C.

ARIZONA CONSTRUCTIVE DISCHARGE NOTICE NOTICE TO EMPLOYEES

An Employee is encouraged to communicate to the employer whenever the employee believes working conditions may become intolerable to the employee and may cause the employee to resign. Under Section 23-1502, Arizona Revised Statutes, an employee may be required to notify an appropriate representative of the employer in writing that a working condition exists that the employee believes is intolerable, that will compel the employee to resign or that constitutes a constructive discharge, if the employee wants to preserve the right to bring a claim against the employer alleging that the working condition forced the employee to resign.

Under the law, an employee may be required to wait for fifteen calendar days after providing written notice before the employee may resign if the employee desires to preserve the right to bring a constructive discharge claim against the employer. An employee may be entitled to paid or unpaid leave of absence of up to fifteen calendar days while waiting for the employer to respond to the employee's written communication about the employee's working condition.

S OF USE:	Earned paid sick time may be used for the following purposes: (1) medical care or mental or physical illness, injury, or health condition; or (2) a public health emergency; and (3) absence due to domestic violence, sexual violence, abuse, or stalking. Employees may use earned paid sick time for themselves or for family members. <i>See</i> Arizona Revised Statutes § 23-373 for more information.

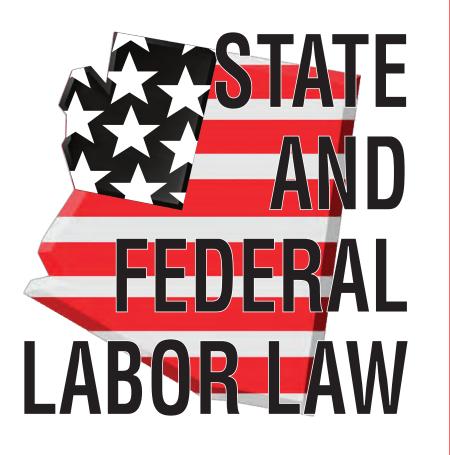

RETALIATION & Employers are prohibited from discriminating against or subjecting any person DISCRIMINATION to retaliation for: (1) asserting any claim or right under the Act, including requesting or using earned paid sick time; (2) assisting any person in doing so **PROHIBITED:** or (3) informing any person of their rights under the Act.

- ENFORCEMENT: Each employee has the right to file a complaint with the Industrial Commission's Labor Department alleging that an employer has violated the Act. Certain time limits apply. A civil action may also be filed as provided in the Act. Violations of the Act may result in penalties.
- **INFORMATION:** For additional information regarding the Act, you may refer to the Industrial Commission's website at www.azica.gov or contact the Industrial Commission's Labor Department: 800 W. Washington, Phoenix, Arizona 85007-2022; (602) 542-4515.

EMPLOYEE SAFETY AND HEALTH PROTECTION

The Arizona Occupational Safety and Health Act of 1972 (Act), provides safety and health protection for employees in Arizona. The Act requires each employer to furnish his employees with a place of employment free from recognized hazards that might cause serious injury or death. The Act further requires that employers and employees comply with all workplace safety and health standards, rules and regulations promulgated by the Industrial Commission. The Arizona Division of Occupational Safety and Health (ADOSH), a division of the Industrial Commission of Arizona, administers and enforces the requirements of the Act.

As an employee, you have the following rights:

You have the right to notify your employer or ADOSH about workplace hazards. You may ask ADOSH to keep your name confidential.

You have the right to request that ADOSH conduct an inspection if you believe there are unsafe and/or unhealthful conditions in your workplace. You or your representative may participate in the inspection.

If you believe you have been discriminated against for making safety and health complaints, or for exercising your rights under the Act, you have a right to file a complaint with ADOSH within 30 days of the discriminatory action. You are also afforded protection from discrimination under the Federal Occupational Safety and Health Act and may file a complaint with the U.S. Secretary of Labor within 30 days of the discriminatory action.

You have the right to see any citations that have been issued to your employer. Your employer must post the citations at or near the location of the alleged violation.

You have the right to protest the time frame given for correction of any violation.

You have the right to obtain copies of your medical records or records of your exposure to toxic and harmful substances or conditions.

Your employer must post this notice in your workplace.

The Industrial Commission and ADOSH do not cover employers of household domestic labor, those in maritime activities (covered by OSHA), those in atomic energy activities (covered by the Atomic Energy Commission) and those in mining activities (covered by the Arizona Mine Inspector's office). To file a complaint, report an emergency or seek advice and assistance from ADOSH, contact the nearest ADOSH office:

WORK EXPOSURE TO METHICILLIN-RESISTANT STAPHYLOCOCCUS AUREUS (MRSA), SPINAL MENINGITIS, OR TUBERCULOSIS (TB)

Notice to Employees

Employees are notified that a claim may be made for a condition, infection, disease or disability involving or related to MRSA, spinal meningitis, or TB within the provisions of the Arizona Workers' Compensation Law. (A.R.S. § 23-1043.04) Such a claim shall include the occurrence of a significant exposure at work, which is defined to mean an exposure in the course of employment to aerosolized MRSA, spinal meningitis or TB bacteria. Significant exposure also includes exposure in the course of employment to MRSA through bodily fluids or skin.

Certain classes of employees (as defined below) may more easily establish a claim related to MRSA, spinal meningitis or TB by meeting the following requirements:

- The employee's regular course of employment involves handling or exposure to MRSA, spinal meningitis or TB. For purposes of establishing a claim under this section, "employee" is limited to firefighters, law enforcement officers, correction officers, probation officers, emergency medical technicians and paramedics who are not employed by a health care institution;
- No later than thirty (30) calendar days after a possible significant exposure, the employee reports in writing to the employer the details
- For a claim involving MRSA, the employee must be а. diagnosed with MRSA within fifteen (15) days after the employee reports pursuant to Item No. 2 above;
- For a claim involving spinal meningitis, the employee must b. be diagnosed with spinal meningitis within two (2) to eighteen (18) days of the possible significant exposure; and
- For a claim involving TB, the employee is diagnosed with TB C. within twelve (12) weeks of the possible significant exposure.

Expenses for post-exposure evaluation and follow-up, including reasonably required prophylactic treatment for MRSA, spinal meningitis, and TB is considered a medical benefit under the Arizona Workers' Compensation Act for any significant exposure that arises out of and in the course of employment if the employee files a claim for the significant exposure or the employee reports in writing the details of the exposure. Providing post-exposure evaluation and follow-up, including prophylactic treatment, does not, however, constitute acceptance of a claim for a condition, infection, disease or disability involving or related to a significant exposure.
